The Performance quoted represents past performance and does not guarantee future results. The investment return and principal value of an investment in the Fund will fluctuate so that an investor's shares, when redeemed, may be worth more or less than their original cost. Current performance of the Fund may be lower or higher than the performance quoted. Performance data current to the most recent month end may be obtained by calling 1-800-544-6060.

INVESTMENT STRATEGY

The Fund seeks to achieve its investment objective by investing in U.S. listed securities with market capitalization within the range of the targeted benchmark, the Russell 2000 Index. Under normal circumstances, the Fund invests at least 80% of its assets (plus the amount of any borrowings for investment purposes) in small cap companies. At any given time, the Fund may hold up to 15% of its assets in American Depositary Receipts (ADRs). Typically, the Fund invests in approximately 40-60 stocks that pass the Investment Manager's stringent quantitative and fundamental criteria.

Russell 2000 Growth Index is an index measuring the performance of approximately 2,000 small-cap companies in the Russell 3000 index, which is made

up of 3,000 of the biggest U.S. stocks. The Russell 2000 serves as a benchmark for small-cap stocks in the United States. You cannot invest directly in an index.

Investing involves risk, including loss of principal. There is no guarantee that this, or any investment strategy, will succeed. Small and mid-cap investing involves greater risk not associated with investing in more established companies, such as greater price volatility, business risk, less liquidity and increased competitive threat.
